SCIENCE SQUAD

S C I E N C E S Q U A D . O R G

WE MAKE REAL SCIENCE...REALLY FUN!

A solid understanding of science is essential for students of all backgrounds, talents, interests, and abilities. All children need the knowledge and skills that make up what we call "science literacy" – the ability to make sense of the world around them. By helping children learn how to observe, collect evidence, and draw conclusions, science helps students sharpen their thinking about the ideas and events they encounter in everyday life.

SCIENCE SQUAD'S SUMMER SCIENCE DAYS

Cascades Science Center Foundation is pleased to announce Science Squad's Summer Science Days for kids 9 to 12 years old in partnership with **North Seattle Family Center** for the summer of 2012 on following dates:

July 14, July 28, Aug 11, Aug 25, Sep 8, Sep 22

The program consists of two tracks: Experience and Apply. In the "Experience" track, an activity lead will guide students with hands-on activities in the areas of Science, Technology, Engineering, and Mathematics. In the "Apply" track, students are encouraged to be independent and creative thinkers, coming up with their own project ideas for a "Show and Tell" day at the end of the program. All the tracks will be led by professionals, scientists and teachers who work in areas of science.

Where: North Seattle Family Center, Suite # 2, 3200 NE 125th St, Seattle, WA 98125

Time: 12:00 - 3:30 PM

Cost: FREE (cost is covered by the foundation for students who are admitted)

To Register by Email, contact info@cascadescience.org

To Register by Phone, Please call 1.800.290.0559, ext. 4

When registering via phone or email, please provide the name, age, gender, grade, and school name of the child. In addition, please include the name, email, phone number, and address of a parent or guardian.
